Stephens of Boonville, treasurer, succeeding M. E. Schmidt.

Barker Dismisses Insurance Cases. Jefferson City.-Attorney General John P. Barker dismissed the injunction proceedings in the supreme court instituted last summer to restrain the fire insurance companies from permanently ceasing to do business in Mis-

This finally terminates legislation that directly affected more people and interests in this state than any other proceeding ever filed in the supreme court. It was inaugurated when feeling over the insurance situation was tense in the extreme.

One hundred and thirty-two of the sargest fire insurance companies in the country were involved.

After the companies had withdrawn from Missouri on April 20 and had declared their intention of permanently remaining out of the state, the issuance of the injunction brought matters to a point, which, after several weeks of conferring resulted in the companies returning and resuming

The companies withdrew because of of Missouri which will be in force and the repeal of the Oliver rating law by the forty-ninth general assembly and the enactment in its place of the Orr insurance tills. The companies took the position that under the restrictive features of the new laws they could not aafely continue in bootness.

The shief objectionable feature of the new law, the companies declared, wentions has been changed from the was that use of the same intelects was made prima far in evidence of sinlation of the antitrust law.

Under the construction placed on the state selected by the state rum | Dix point by Afterney deneral flacket. the companies reached husiness with The understanding that the use of the same satemak would not be held in violation of the law, provided there was no provide agreement as to

# 'Long About Thanksgivin' Time

S. E. KISER

HIN'T it splendid to be livin', 'long about this time o' year,

Just around about Thanksgivin', with the mornings crisp and clear;

With the children's cheeks a-glowin', with the future lookin' bright,

And the shops and mills a-goin' like red blazes, day and night!

Ain't it bracin, ain't it cheerin', when the colts kick up their heels,

To approach the corn crib, hearin' turkeys gobbltp for their meals? Don't it make a fellow kinda satisfied with life

and glad, When it's got so hard to find a thing that's goin' to the bad?

Ain't it fine to feel the nippin' of the brisk breeze at your nose

When the old dead leaves go zippin' down the lanes, in scraggly rows,

When you've hay to feed the cattle, when you love your fellow men,

And you've money you can rattle in your trousers. now and then!

Ain't it fine to wake from dreamin' of the home your boyhood knew S

And to find the glad sun beamin' just the way - W NESSEE it used to do, Long ago, about Thanksgivin', when you'd energy

to spare, When your pa and ma were livin' and the days were always fair!

## ANOTHER GOOD YEAR IN WESTERN CANADA

MANITOBA, SASKATCHEWAN AND ALBERTA HAVE SPLENDID CROPS.

The results of the threshing throughout Western Canada shows a more wonderful yield than usual of wheat, oats, barley and flax, all of which was harvested and threshed in perfect order. Not only was the average yield excellent over the entire country, but the quality was of the highest standard. Without going into figures, it is sufficient to say that wheat graded almost universally very near the top. Reports are to hand showing yields of wheat from many fields which averaged forty bushels per acre, and weighing 65 pounds to the measured bushel. Onto were very heavy, running from fifty to one hundred and fifteen bushels to the acre. Barley also was a very heavy yielder and kept up the reputation of Western Canada as a producer of that cereal. In many parts of the country the yield of finx exceeded the enrier expectations, but in other parts, there was some loss on account of winds blowing off the bell. Hundreds of farmers who have only been in the country three or four yours, with but little means when they arrived, will, out of the crop of this year, clean up all their indebtedness, and he able to put something aside for further improvements on their farms and homes which are new freed of incombrance. The write er has just heard of the experience of a many in the Dattleford district that is worth repositing. He went to the district server or wight yours ago, with no money, worked for a time got a fears of horses did some freighting and homestraded a cuarter section of land. He now owne and acres of land. eleur of all meambrances and has wheat, eats, turies and bay as well as a good number of horses, cattle and hope, feeding rough grain to the stock. He is a firm believer in mixed farming The fifty dollars that he first carned in the country has row increased to \$25,000. He has never had a crop fallure: fretances of this kind could be repeated over and over again.

There is a Dane, minud Key, east of Saskatoon, whose outs this year went lie bushess to the acre, and his wheat so bushels. He has pud off the mortgage on his farm, and new contemplates a trip to Denmirk to visit his old home. He has no more cures or wormes, but is anxious to have more of his people settle in that part. It is not only the farmer with limited means and small area of land who is doing well and has done won derfully in Western Canada this year but the man with means; the man who by able to retauct successful farming on a large scale and many opportunitice offer for such in Wastern Canada. nies has increased his bank account facultionnely a farmer in Northern Alberta raised the kin template of grain in 1912, and made accord a fortune out of it. In Saskatcheway and in Manitoba is to be heard, the name story of exhat has been from to the farmer working at larger area. Which he is able to do mocessible he the natural from to cut repetition of series that and pleasify hard memoranely Williams transfer the No passes part trust physical of a state settlers property of the property of Annual with time that outside he
